

*"If Obamacare Passes, You'll Probably Lose Your Health Insurance And You Might Just Lose Your Job"*

**WASHINGTON, DC** - U.S. Congressman Mike Pence made the following statement on the House floor today regarding the Democrats' government takeover of health care:

**"In the midst of the worst recession in 25 years, after months of runaway federal spending, bailouts, record deficits and a national energy tax, now comes a government takeover of health care paid for with nearly \$1 trillion in tax increases. Before we move on to the next big government scheme of this Administration, the American people are asking, 'Mr. President, where are the jobs?'**

**"Make no mistake about it, the President's health care bill will do nothing to lower the cost of health care and would be a disaster for the American economy.**

**"According to the experts, if Obamacare passes, you'll probably lose your health insurance and you might just lose your job.**

**"The American people know we can do better. We must do better. For the sake of our economy and reform, I implore my Democratic colleagues, say 'no' to a government takeover of health care and higher taxes and say 'yes' to a bipartisan majority in this Congress that is committed to fiscal discipline, reform and putting Americans back to work."**
